1. Join in under a minute

All you need is an email address.

- 1 Go to **voicevotes.org**
- 2 Tap **Sign In**
- 3 Type your **email address**
- 4 We email you a **6-digit code** — type it in
- 5 Pick a **username**. Done!

2. Vote in one tap

See a question. Pick your answer. That is a vote.

- 1 Browse the **Issues** — questions from real people
- 2 Tap the answer you agree with
- 3 Watch the **tally move** — your vote is in
- 4 Changed your mind? You get **one switch** per issue

3. Ask your own question

Anything you want the public to weigh in on.

- 1 Tap **Propose an issue**
- 2 Write your **question** in plain words
- 3 Add the **answer options** people can pick
- 4 Get **10 endorsements** — friends who back your question
- 5 Your issue goes **live**. Share your link and watch the votes roll in!

Three simple rules

- **One person, one vote** on every issue. Fair and square.
- **No comments. No replies. No drama.** Just votes.
- **Your votes are private** — unless you choose to share them.

What you get

- **Your own profile** — your page, your record.
- **Tally pictures you can share** — show friends where a vote stands.
- **Final results you can trust** — when an issue closes, the count is frozen and anyone can check it.

Ready? Your first vote takes 30 seconds.
